

## 2021 SWIM LESSON INFORMATION

Due to COVID-19 and staffing shortages, youth swim lessons for the 2021 Summer Program are currently on hold. The goal is to offer traditional swim lessons by July 2021, however, planning is contingent upon a safe, controlled, and premeditated transition to our 'new normal' through the various stages. Throughout this transition, MWR Aquatics mission is to protect the health and safety of the workforce and those we support.

As a means to support children and their families a "Teach Your Child To Swim" Clinic will be offered on Friday June 25, 2021 at the Port Hueneme Pool from 1600-1700.
